# Advance Care Planning

Education & Conversation

Facilitated by:  
Maria Giannotti  
Clinical Ethicist

Your health can change without warning. In Ontario, there are specific laws about when and who can make health care decisions on your behalf, should you become incapable of doing so. Advance Care Planning conversations ensure your wishes for future care are known and clear. Learn about Advance Care Planning as well as how to have the conversation. Workshops take place last Thursday of each month.

Access this workshop and many  
more online programs through
